### Students Right to Know Act

The student Right-to-Know Act, passed by Congress in 1990, requires institutions eligible for Title IV funding, under the Higher Education Act of 1965, to calculate completion or graduation rates of certificate-or degree seeking, full time students entering that institution, and to disclose these rates to current and prospective students. Every institute that participates in any Title IV program and is attended by students receiving athletically-related student aid is required to disclose graduation/completion rates of all students as well as students receiving atelethicallyOrelated student aid by race/ethnicity, gender and by sport, and the average completion or graduation rate for four most recent years, to parents, coaches, and potential student athletes. To read more about the Student Right to Know Act, please visit National Center for Education Statistics website at <http://nces.edu.gov>

Tennessee Academy of Cosmetology is, acting in compliance with the Student Right to Know Act, is happy to post the following information on the graduation rates of our cohorts of full time, first time degree seeking undergraduates receiving financial aid. TAC does not offer any athletic programs in the college and thus cannot provide information regarding student athletics. The graduation rates show the graduation/completion rates show the number of graduates/completers who completed in less than 150% of their respective program time vs. more than 150% percent of their respective program time.
